

# ChemGuard

High Performance Oil & Grease Resistant Roofing Membrane

**IB** Roof Systems™  
Expect More.

**The world's only true grease-and oil-resistant roofing membrane.**

Oil, grease, dirt, and the elements can take their toll on roof longevity. Which is why we created ChemGuard™. Today's only single-ply roofing membrane for industrial and restaurant use, ChemGuard is designed to surpass ASTM standards and protect against such roofing hazards as animal fats, cooking grease, motor oil, gasoline, acid rain, and numerous other harsh chemicals and acids. Plus, its dirt release formula makes it safe and easy to simply wash away residue and build-up.

**Guaranteed for 25 years.**

There's a reason over 90% of all IB Roof Systems roofs are still performing after more than 30 years. They're built to last. In fact, we back them all with a 25-year, 100% non-prorated warranty. And for added assurance, we prefabricate all details around pipe penetrations, HVAC units, and other dimensional objects to ensure a professional, custom look, and flawless installation.

**Quality certified.**

To ensure high performance throughout the life of your roof, a certified IB Roof Systems technical inspector will thoroughly check every warrantied project. Of course, our quality control begins even earlier — during our QS 9000 and ISO 9001 manufacturing process.

**We make service a priority.**

We not only stand behind our products, but stand ready to help when you need it. Our experienced service staff is just a phone call away to answer questions, troubleshoot, or help you find the information you're looking for.

**ChemGuard Advantages**

- Specifically engineered for industrial and restaurant use
- The only true grease-and oil-resistant roofing membrane
- Maintenance-free and warrantied for up to 25 years
- Class A fire-rated to protect building and contents
- Eliminates lost revenue due to unexpected roof leaks and repairs

*"...clearly the best restaurant roof ever."  
Jeff Vogel,  
Company Manager of 17 chain restaurants*

**Our Commitment**

"Your ChemGuard roof will last longer and perform better than any other single-ply membrane available. We've set the standard in the industrial and restaurant market and strive to ensure that everything we make for you is nothing less than perfect."

*Larry Stanley,  
President, IB Roof Systems*

*ChemGuard delivers high performance protection to any industrial building, even in harsh environments.*
